Two energy label icons are shown. The top one is for heating (radiator icon) with a black arrow pointing left containing the letter 'A'. The bottom one is for water tap (tap icon) with a black arrow pointing left containing the letter 'A' and 'XL' below it.

Four feature icons are shown, each with a blue plus sign to its left and a blue square box to its right. From top to bottom: a solar panel icon with a sun, a tank icon, a touch control panel icon with a hand, and a boiler icon.

An energy efficiency scale for heating is shown. It consists of a vertical stack of horizontal bars of varying lengths, colored from green at the top to red at the bottom. The bars are labeled from top to bottom: A+++ (green), A++ (green), A+ (light green), A (yellow), B (orange), C (red-orange), D (red), E (red), F (red), and G (red). A black arrow pointing left with the letter 'A' is positioned to the right of the scale, indicating the product's energy class.

An energy efficiency scale for water tap is shown. It consists of a vertical stack of horizontal bars of varying lengths, colored from green at the top to red at the bottom. The bars are labeled from top to bottom: A+++ (green), A++ (green), A+ (light green), A (yellow), B (orange), C (red-orange), D (red), E (red), F (red), and G (red). A black arrow pointing left with the letter 'A+' is positioned to the right of the scale, indicating the product's energy class.
